COMBINATIONS

Experience the latest in tile fashion with the captivating Riva range, created to bring a delightful rustic charm to any space.

With a scored and textured surface, these tiles authentically replicate the allure of handmade craftsmanship.

In addition to a wide range of functional benefits, Riva presents a diverse selection of combinations across four formats, offering endless design possibilities.

Embark on a transformative journey, turning your space into a haven of rustic elegance with Riva rustic scored tiles.

Kit Kat Mink Grey
(Satin Matt) H8G3A-117

RIVA PRODUCT FACTS:

- Suitable for kitchen, bathroom and other indoor walls
- No sealing required
- Textured look
- 4 formats - Bejmat, Fingers, Kit Kat and Subway
- 9 colours available in satin matt and gloss finishes
- Colour variation - V3 (moderate variation)
- Product faces Bejmat, Fingers, Kit Kat - 3
- Product faces Subway - 6
- Size - 300mm x 300mm (rectified)
- 9 tiles per box / 0.81m² per box
- Easy and economical to install
- Australian designed and made

Photographs or illustrations should be used as a guide only.

To ensure accurate selection, please order a tile sample from your local tile store or email customersupport@scceramics.com

KIT KAT FORMAT

TILE SIZE: 300 x 300mm

SCORED TO: 100 x 14mm RECTANGLES

The Riva Kit Kat design lives up to its name with its striking arrangement of petite rectangular tiles. This tile format presents a captivating fusion of colour variations and texture, providing unmatched flexibility for creating diverse design patterns.

Whether used for kitchen or bathroom splashbacks, or even for accentuating feature walls, this exquisite design truly comes to life when paired with contrasting grout. Alternatively, use a similar coloured grout for a more uniform look.

Kit Kat Rice White (Satin Matt) H8B3A-117

FINGERS FORMAT

TILE SIZE: 300 x 300mm

SCORED TO: 150 x 25mm RECTANGLES

Crafted with elongated proportions, our Riva Fingers design showcases narrower and longer rectangular shapes compared to the standard subway tile design. While it is typically installed in a horizontal orientation, opting for a vertical placement can create a distinctive design impact.

This format offers exceptional versatility, making it ideal for various applications such as kitchen splashbacks, bathroom walls, and shower surrounds. Its ability to adapt to different spaces and settings makes it a fantastic choice for adding a touch of modern elegance to any project.

Fingers Rice White (Satin Matt) H8B39-117

BEJMAT FORMAT

TILE SIZE: 300 x 300mm

SCORED TO: 150 x 50mm RECTANGLES

Drawing inspiration from the remarkable artistry of Moroccan craftsmanship, our Riva Bejmat design captures the essence of traditional handmade tiles. Impeccably crafted, each section of this rectangular design is meticulously shaped to capture the authentic charm of artisanal creations.

Beyond its captivating beauty, this design presents a versatile canvas that can infuse your home's walls with depth and visual interest. Whether used to create an accent feature or to decorate entire surfaces, these tiles provide a stunning backdrop that celebrates the rich heritage of Moroccan design.

Bejmat Rice White (Satin Matt) H8B3B-117

SUBWAY FORMAT

TILE SIZE: 300 x 300mm

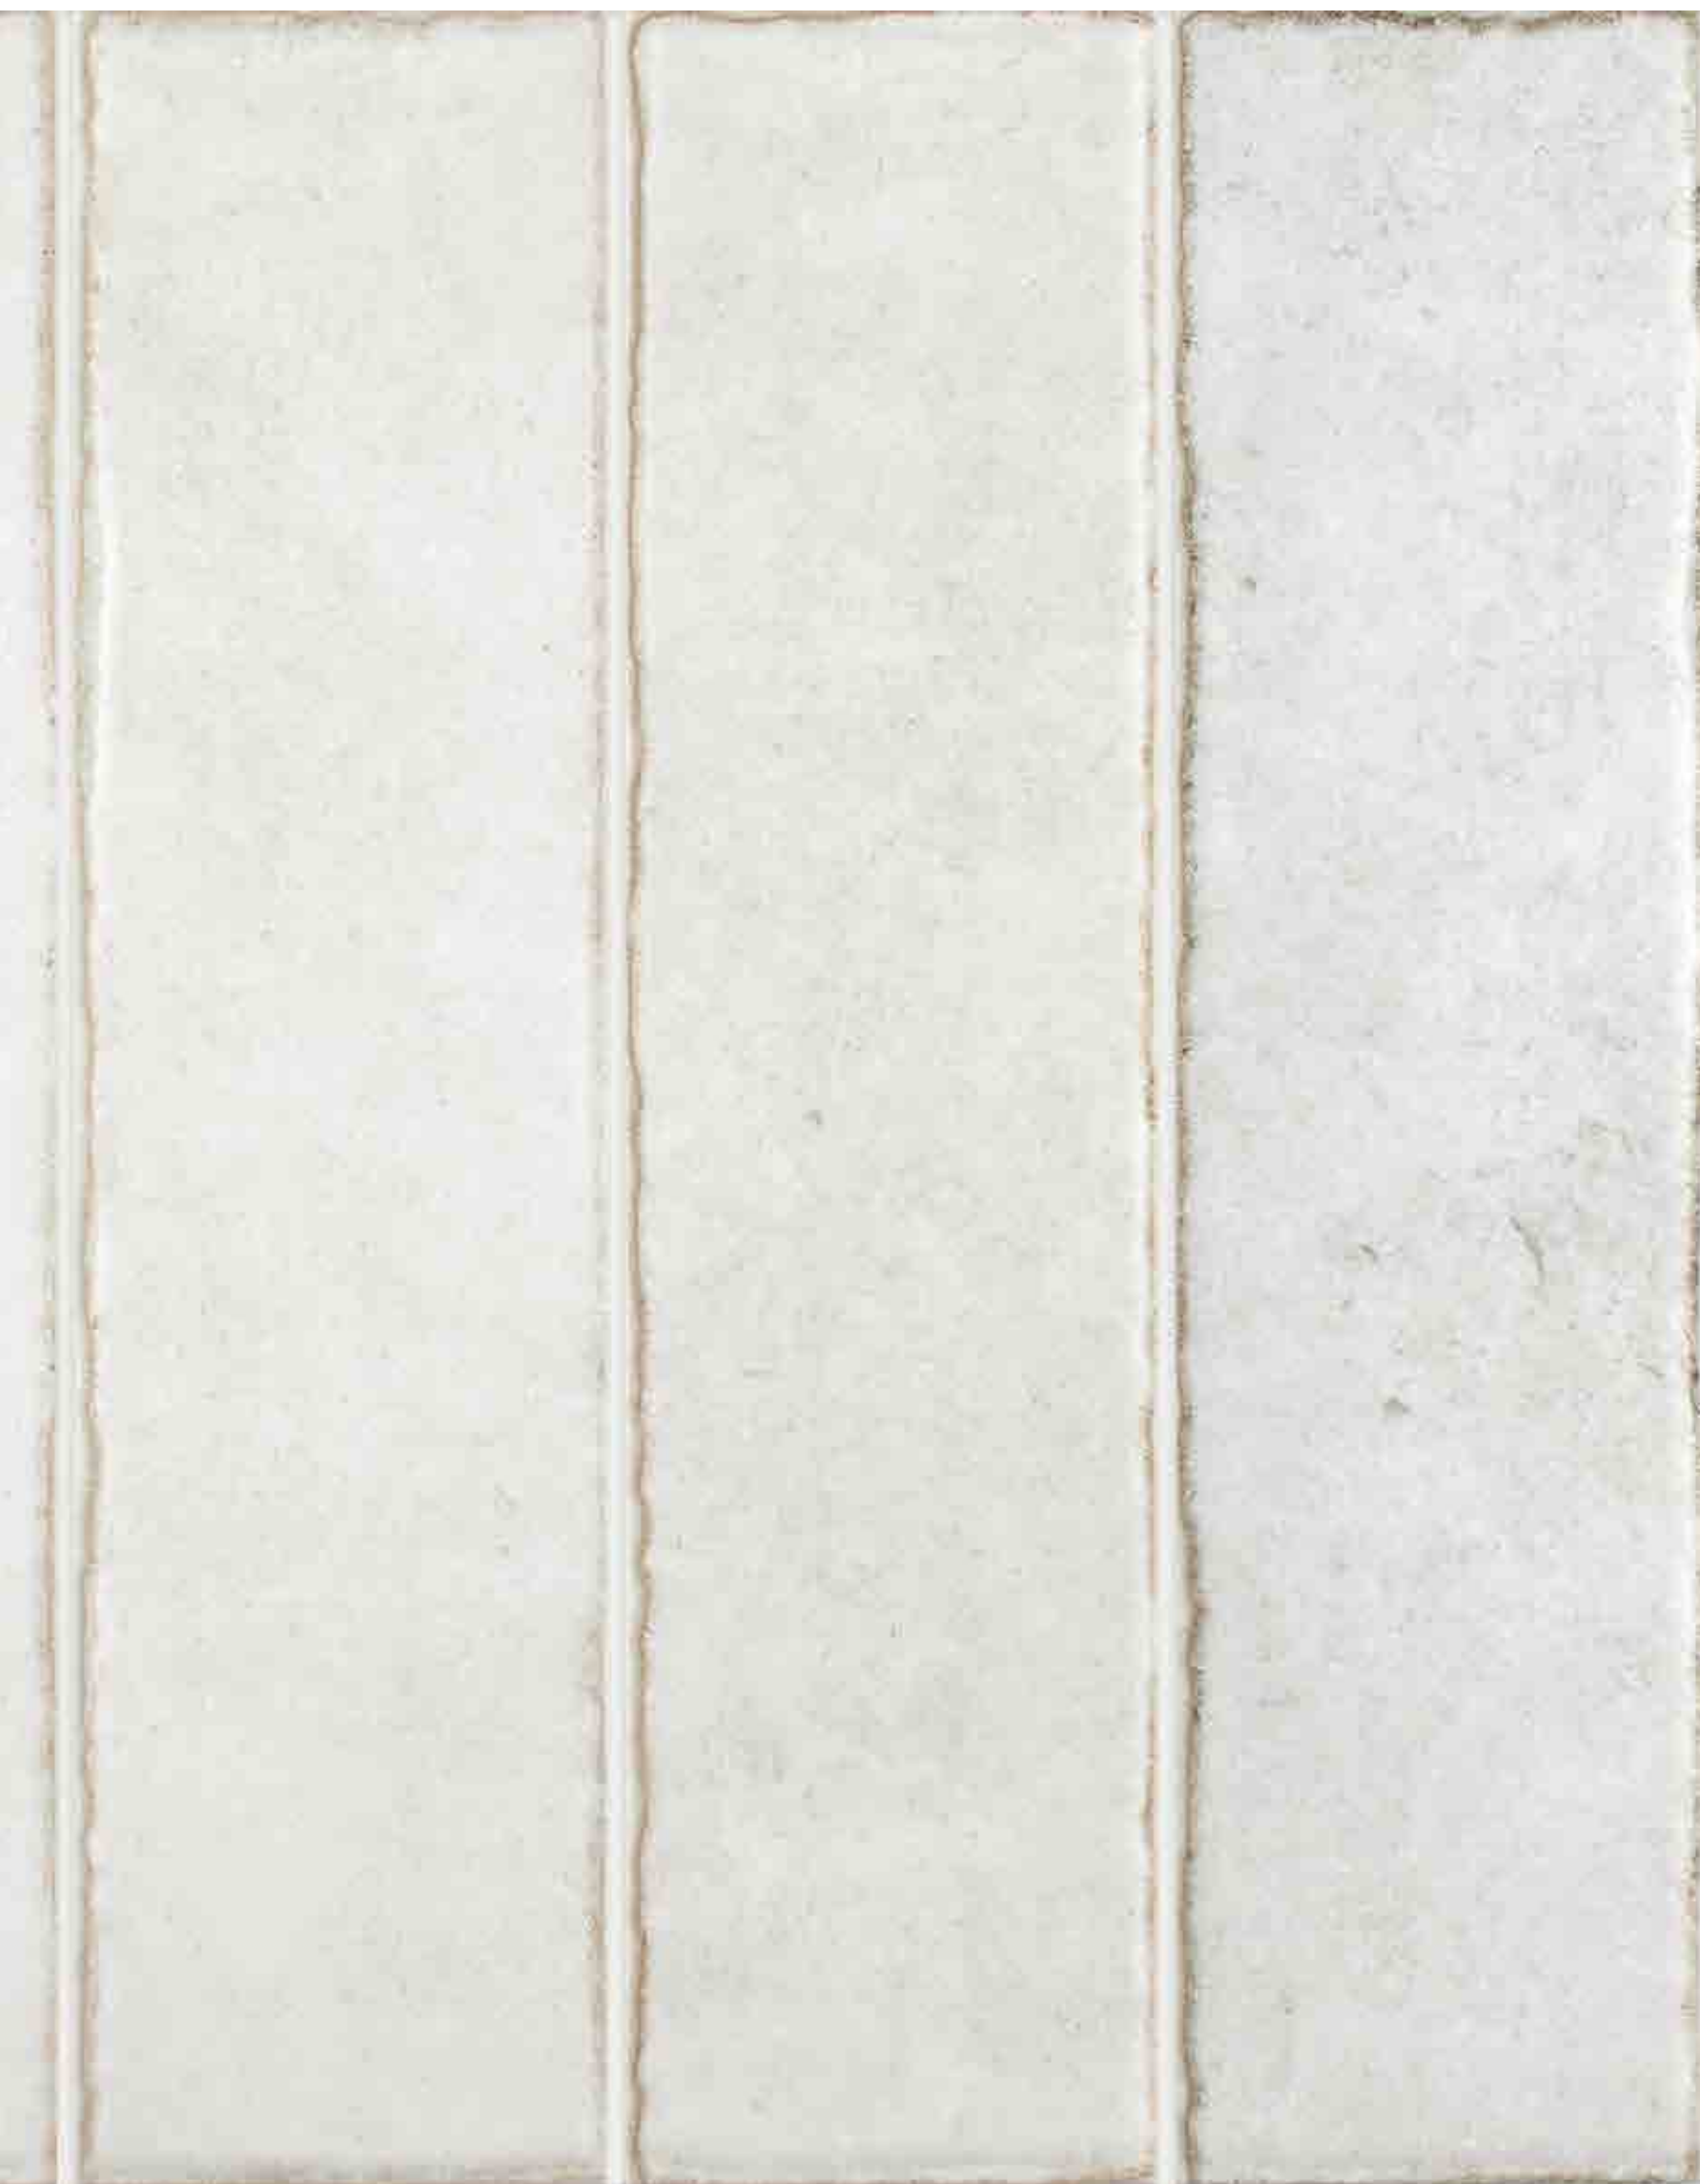

SCORED TO: 300 x 75mm RECTANGLES

Embrace the enduring legacy of subway tiles and unleash the transformative power of our Riva Subway design. With its distinctive rectangular shape and remarkable versatility, Riva Subway has the capacity to elevate any space, whether it's a kitchen, bathroom, or even a commercial project.

Step into a realm of endless design possibilities and let Riva Subway breathe new life into your surroundings.

TILE CARE AND MAINTENANCE - FOR THE TILER AND CUSTOMER

This important information will help keep your tiles looking their best for many years to come. Correct installation, regular inspections and maintenance are the best ways to keep your tiles in good condition. Tiles must be installed in line with Australian standards. No claims will be recognised if tiling is not done in accordance with Australian standards.

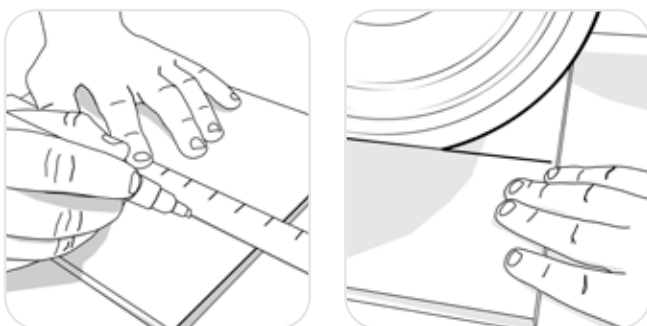

PRIOR TO INSTALLATION

- Check that the product and quantities are correct.
- Conduct a test run or 'dry lay' with your installer to determine where cuts will need to be made.
Note: Installation of the product constitutes full acceptance.
- Lay out the tiles on a flat surface before fixing. Break up any light or dark groupings to give an even result.
- It is recommended that the designer/homeowner approves the layout at this stage as installation of the product constitutes full acceptance and no claims will be given.

INSTALLING YOUR TILES – RECOMMENDED METHOD

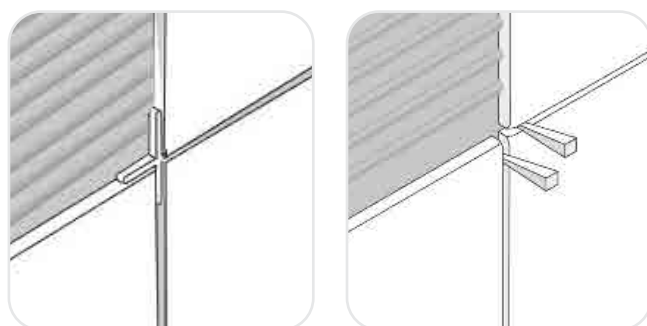

Cutting - Wet Saw

- Mark the line to be cut.
- Cut along the line using the wet saw fitted with a continuous rim blade in good condition.
- Cut using multiple passes at increasing depths; the first cut pass should be a shallow one.
- Once all tiles are cut to size, they are ready to be used.

Spacing

- Use either cross and 'T' spacers or wedges to achieve consistent spacing.

Setting

- Once the tiles are set in place, apply a straight edge to the tiled area to ensure the surface is flat and to avoid any lipping.

Grout Selection/Installation

- Use a good quality cement based, non sanded grout to ensure a scratch free installation.
- When grouting slip resistant tiles, wash the grout off before it dries to ensure the slip resistant micropores are not impaired.

Grout Final Wash

- Wipe with a soft, dry towel.
- DO NOT use acid or detergent based cleaners on your tiles.
- Ceramic and porcelain tiles do not need to be sealed. Always seal natural stone and cement tiles.
- We recommend using PH neutral tile cleaners or warm water mixed with white vinegar; four parts water to one part vinegar. Tiles can be cleaned with a steam mop.
- For a deep clean, use a soft bristle broom with a PH neutral tile cleaner.

MAINTAINING YOUR TILES

- Regular inspection is the best way to keep your tiles in good condition.
- DO NOT use acid or detergent based cleaners on your tiles.
- Ceramic and porcelain tiles do not need to be sealed. Always seal natural stone and cement tiles.
- We recommend using PH neutral tile cleaners or warm water mixed with white vinegar; four parts water to one part vinegar.
- Tiles can be cleaned with a steam mop.
- For a deep clean, use a soft bristle broom with a PH neutral tile cleaner.

GROUT CONSIDERATIONS

All Riva formats come ungrouted and the choice of grout colour will significantly impact the final appearance.

Opting for a grout colour that is darker or lighter than the tile colour will highlight the individual pieces in the tile design, while choosing a grout color closely matching the tile colour will create a more uniform look.
