

Terrina

Discover the sophistication and glamour of terrazzo with our Terrina wall tile range.

As you explore the limitless design potential of Terrina, indulge in the refined beauty of its colour spectrum, ranging from earthy tones to exquisite gemstone hues.

Whether its scored and unscored, all four Terrina formats become a canvas for self-expression, transforming your space into a sanctuary of artistry and style.

Choose a design, colour and finish that resonates with you and watch your space transform into a display of creativity, elegance, and individuality.

Brick Squirrels Den (Satin Matt) HBV4L-117

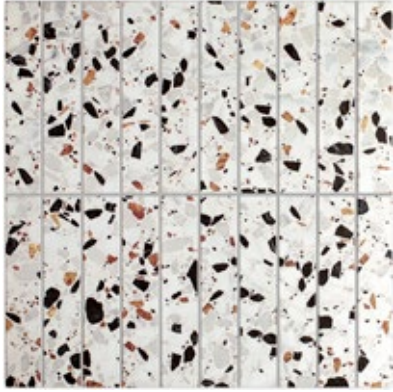

TERRINA PRODUCT FACTS:

- Suitable for kitchen, bathroom and other indoor walls
- No sealing required
- 4 formats - Fingers, Brick, Subway and Large Square
- 12 colours available in satin matt and gloss finishes
- Colour variation - V3 (moderate variation)
- Product faces - 6
- Size - 300mm x 300mm (rectified)
- 9 tiles per box / 0.81m² per box
- Easy and economical to install
- Australian designed and made

Photographs or illustrations should be used as a guide only. To ensure accurate selection, please order a tile sample from your local tile store or email customersupport@scceramics.com

FINGERS FORMAT

TILE SIZE: 300 x 300mm

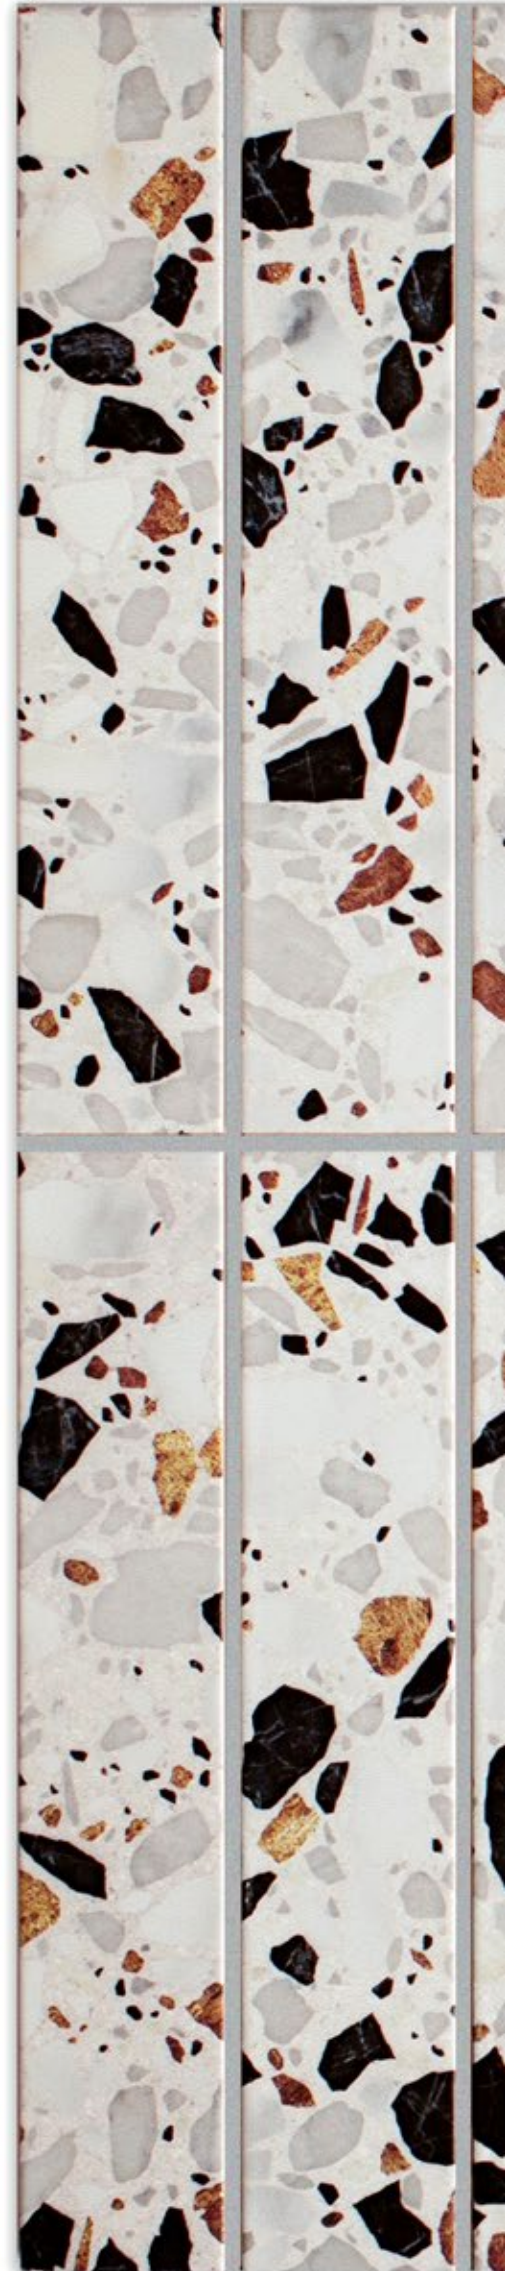

SCORED TO: 150 x 25mm RECTANGLES

Picture the modern elegance behind our Terrina Fingers design, where elongated rectangles step into the spotlight, a delightful departure from the norm of standard subway tiles.

While its natural home is in a vertical arrangement, consider the impact of going horizontal. This format is extremely adaptable and versatile, fitting snugly into kitchen splashbacks, bathroom walls, and shower surrounds with ease.

Fingers Moorland Mist (Satin Matt) HBD4K-117

BRICK FORMAT

TILE SIZE: 300 x 300mm

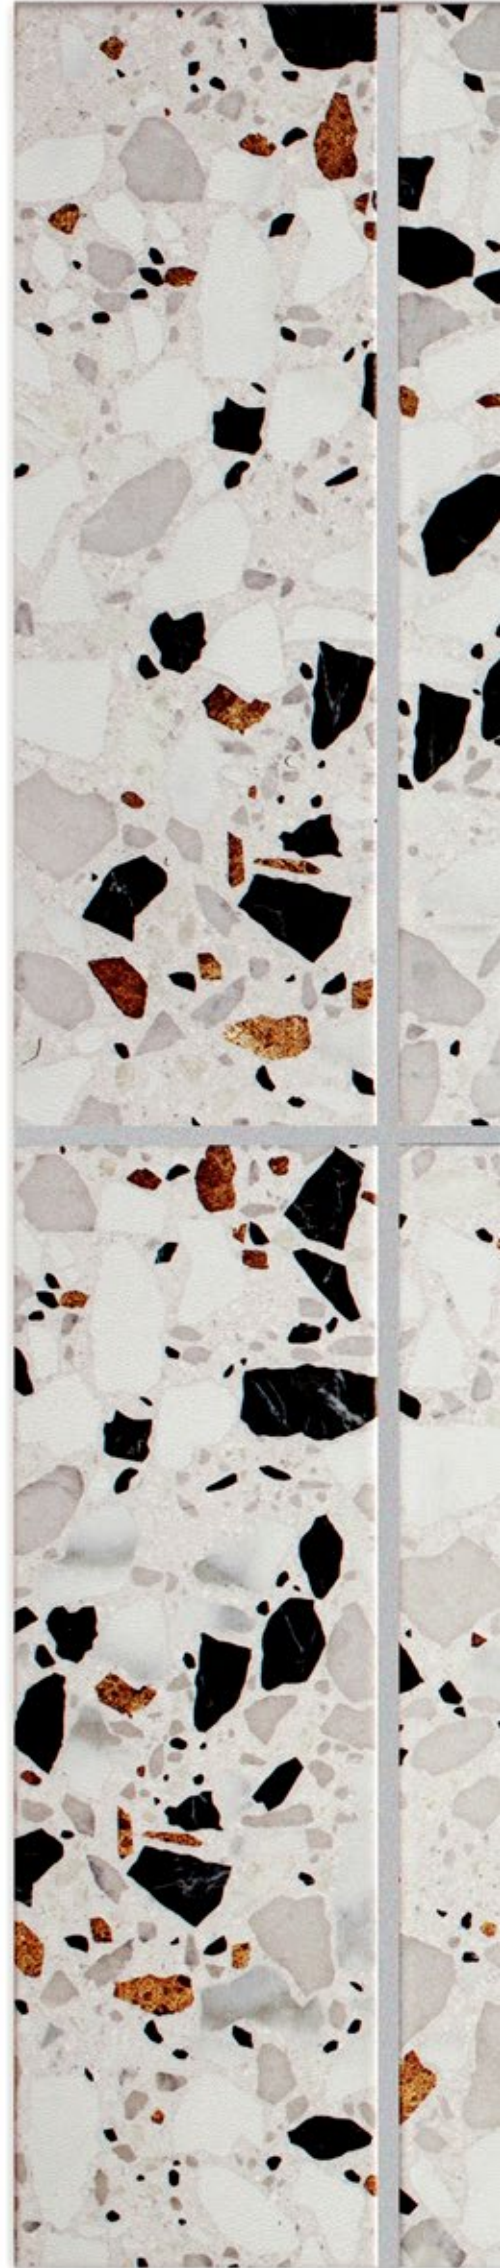

SCORED TO: 150 x 50mm RECTANGLES

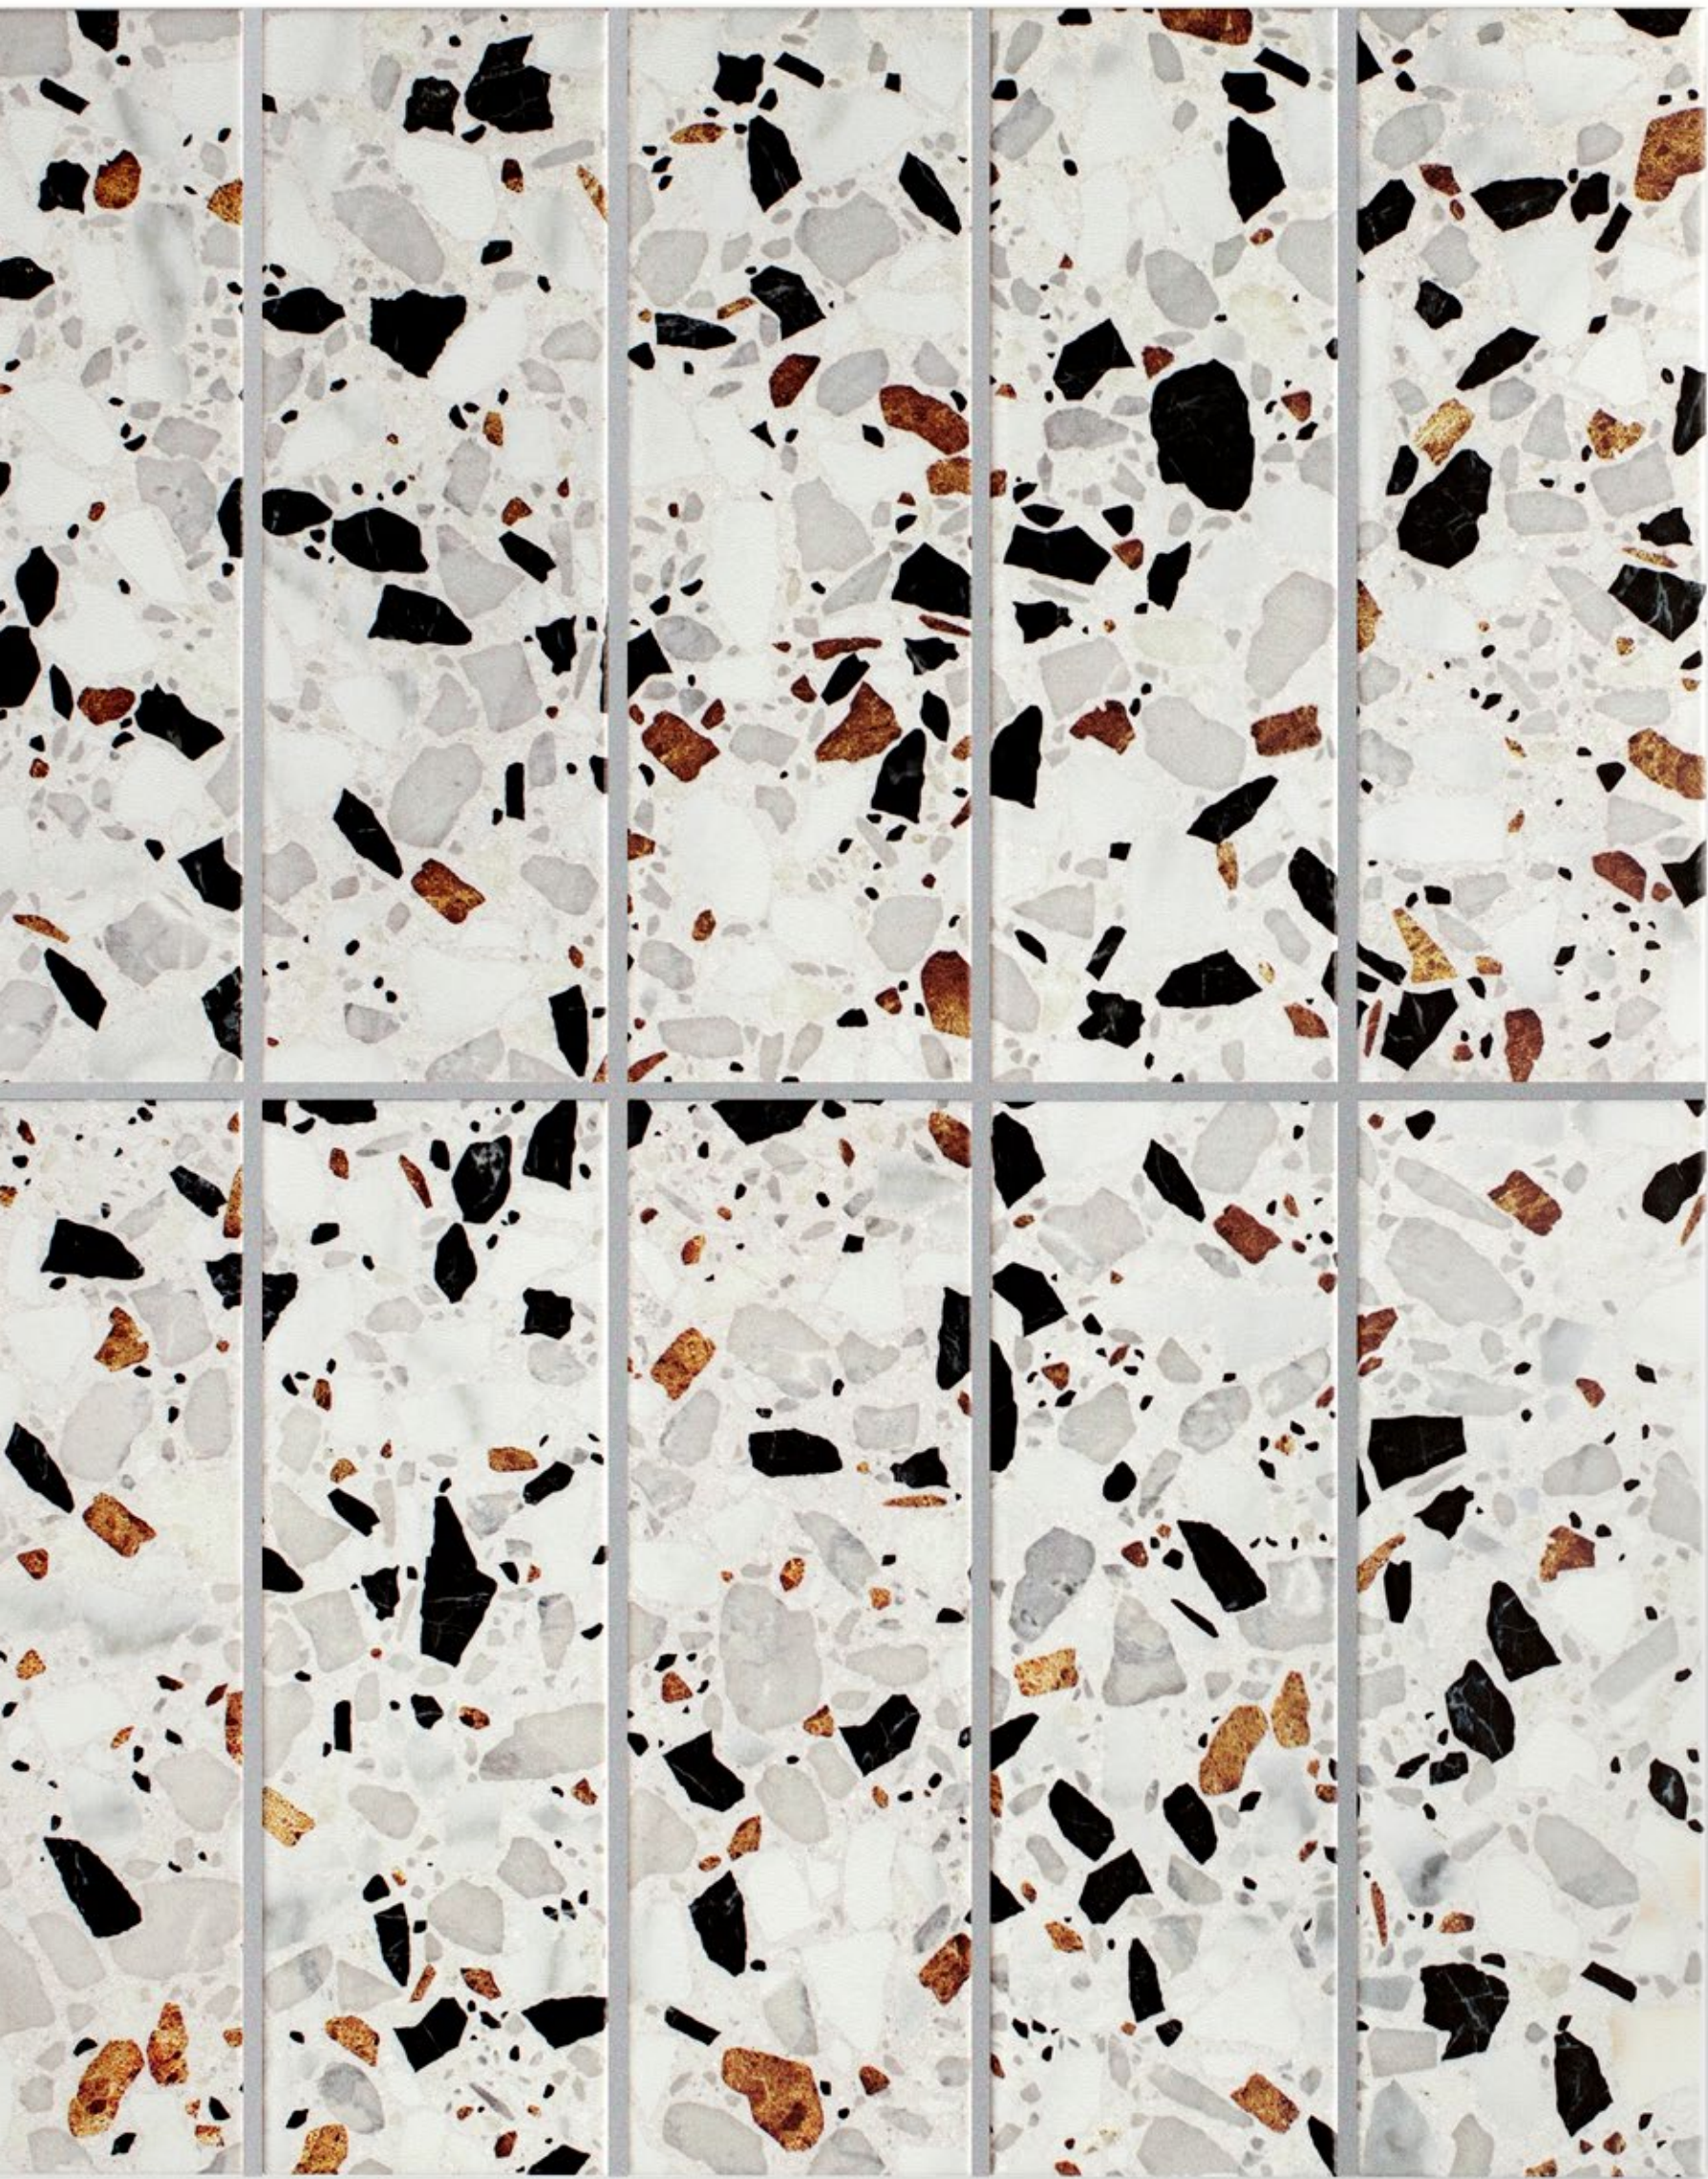

Step into a realm where classic meets contemporary with our Terrina Brick design. This design harmoniously blends the enduring charm of a brick shape with the modern sophistication of terrazzo, creating a fusion that's both timeless and innovative.

From kitchen splashbacks that radiate character to accent walls that captivate attention, Terrina Brick's adaptability ensures a seamless integration into any space.

Brick Moorland Mist (Satin Matt) HBD4L-117

SUBWAY FORMAT

TILE SIZE: 300 x 300mm

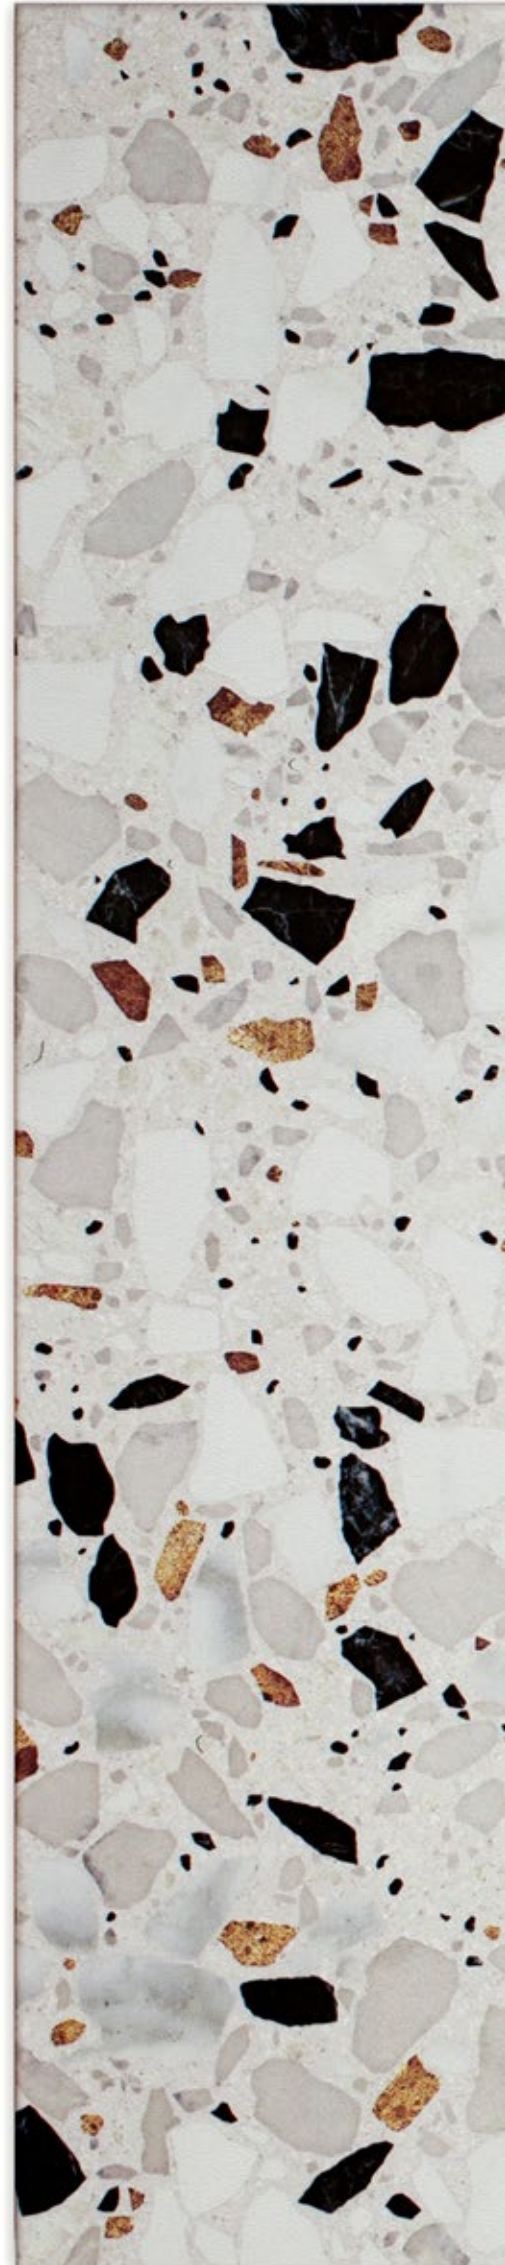

SCORED TO: 300 x 75mm RECTANGLES

Redefining the iconic subway format with the timeless elegance of terrazzo, our Terrina Subway design flawlessly intertwines the familiar lines of subways with the intricate beauty of terrazzo fragments, forging a style that's both classic and contemporary.

Whether you choose the traditional horizontal layout or dare to explore a vertical arrangement for added flair, our Terrina Subway become a canvas for your creative expressions in the kitchen, bathroom and all other indoor wall spaces.

Subway Moorland Mist (Satin Matt) HBD4M-117

LARGE SQUARE FORMAT

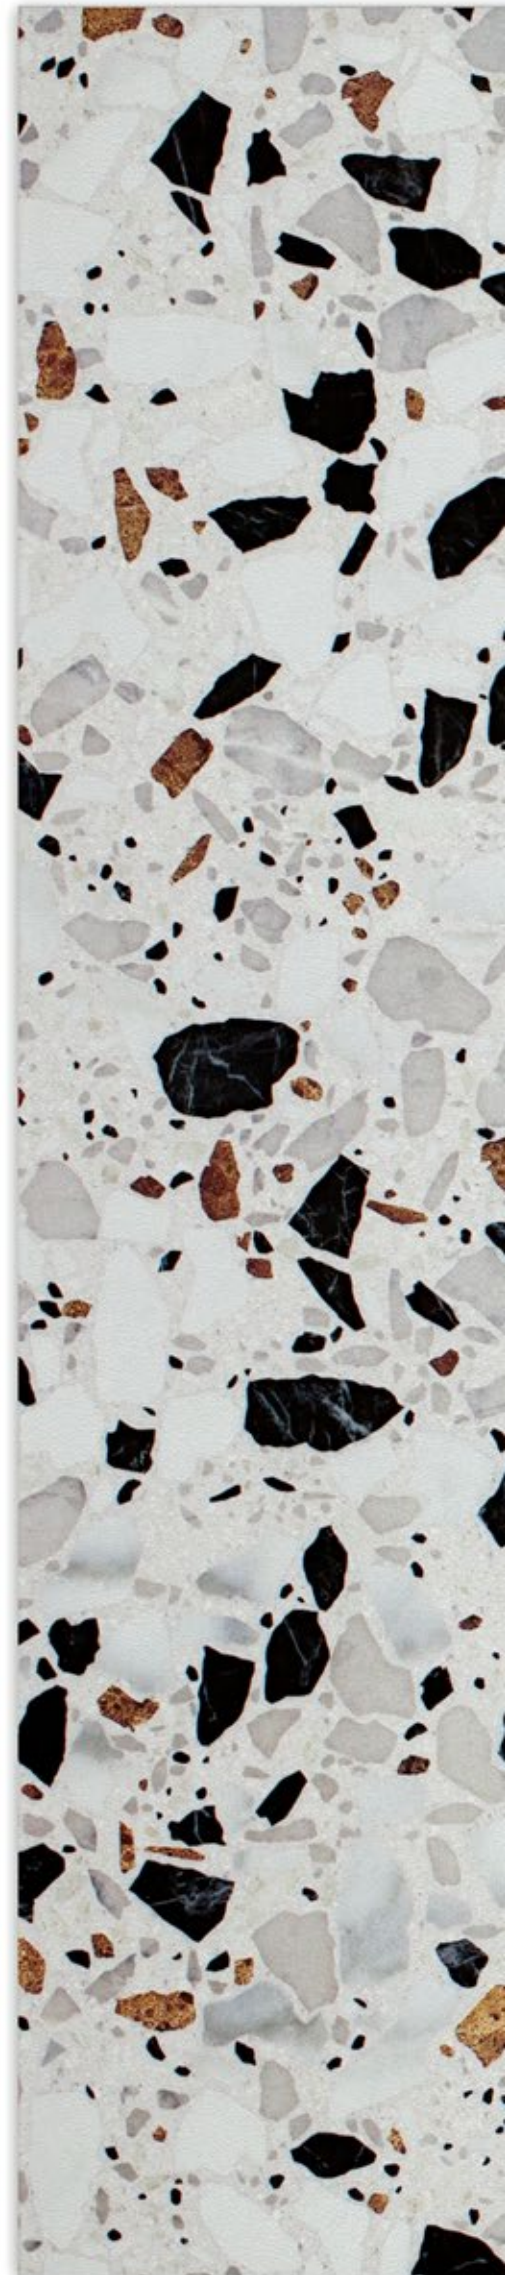

TILE SIZE: 300 x 300mm

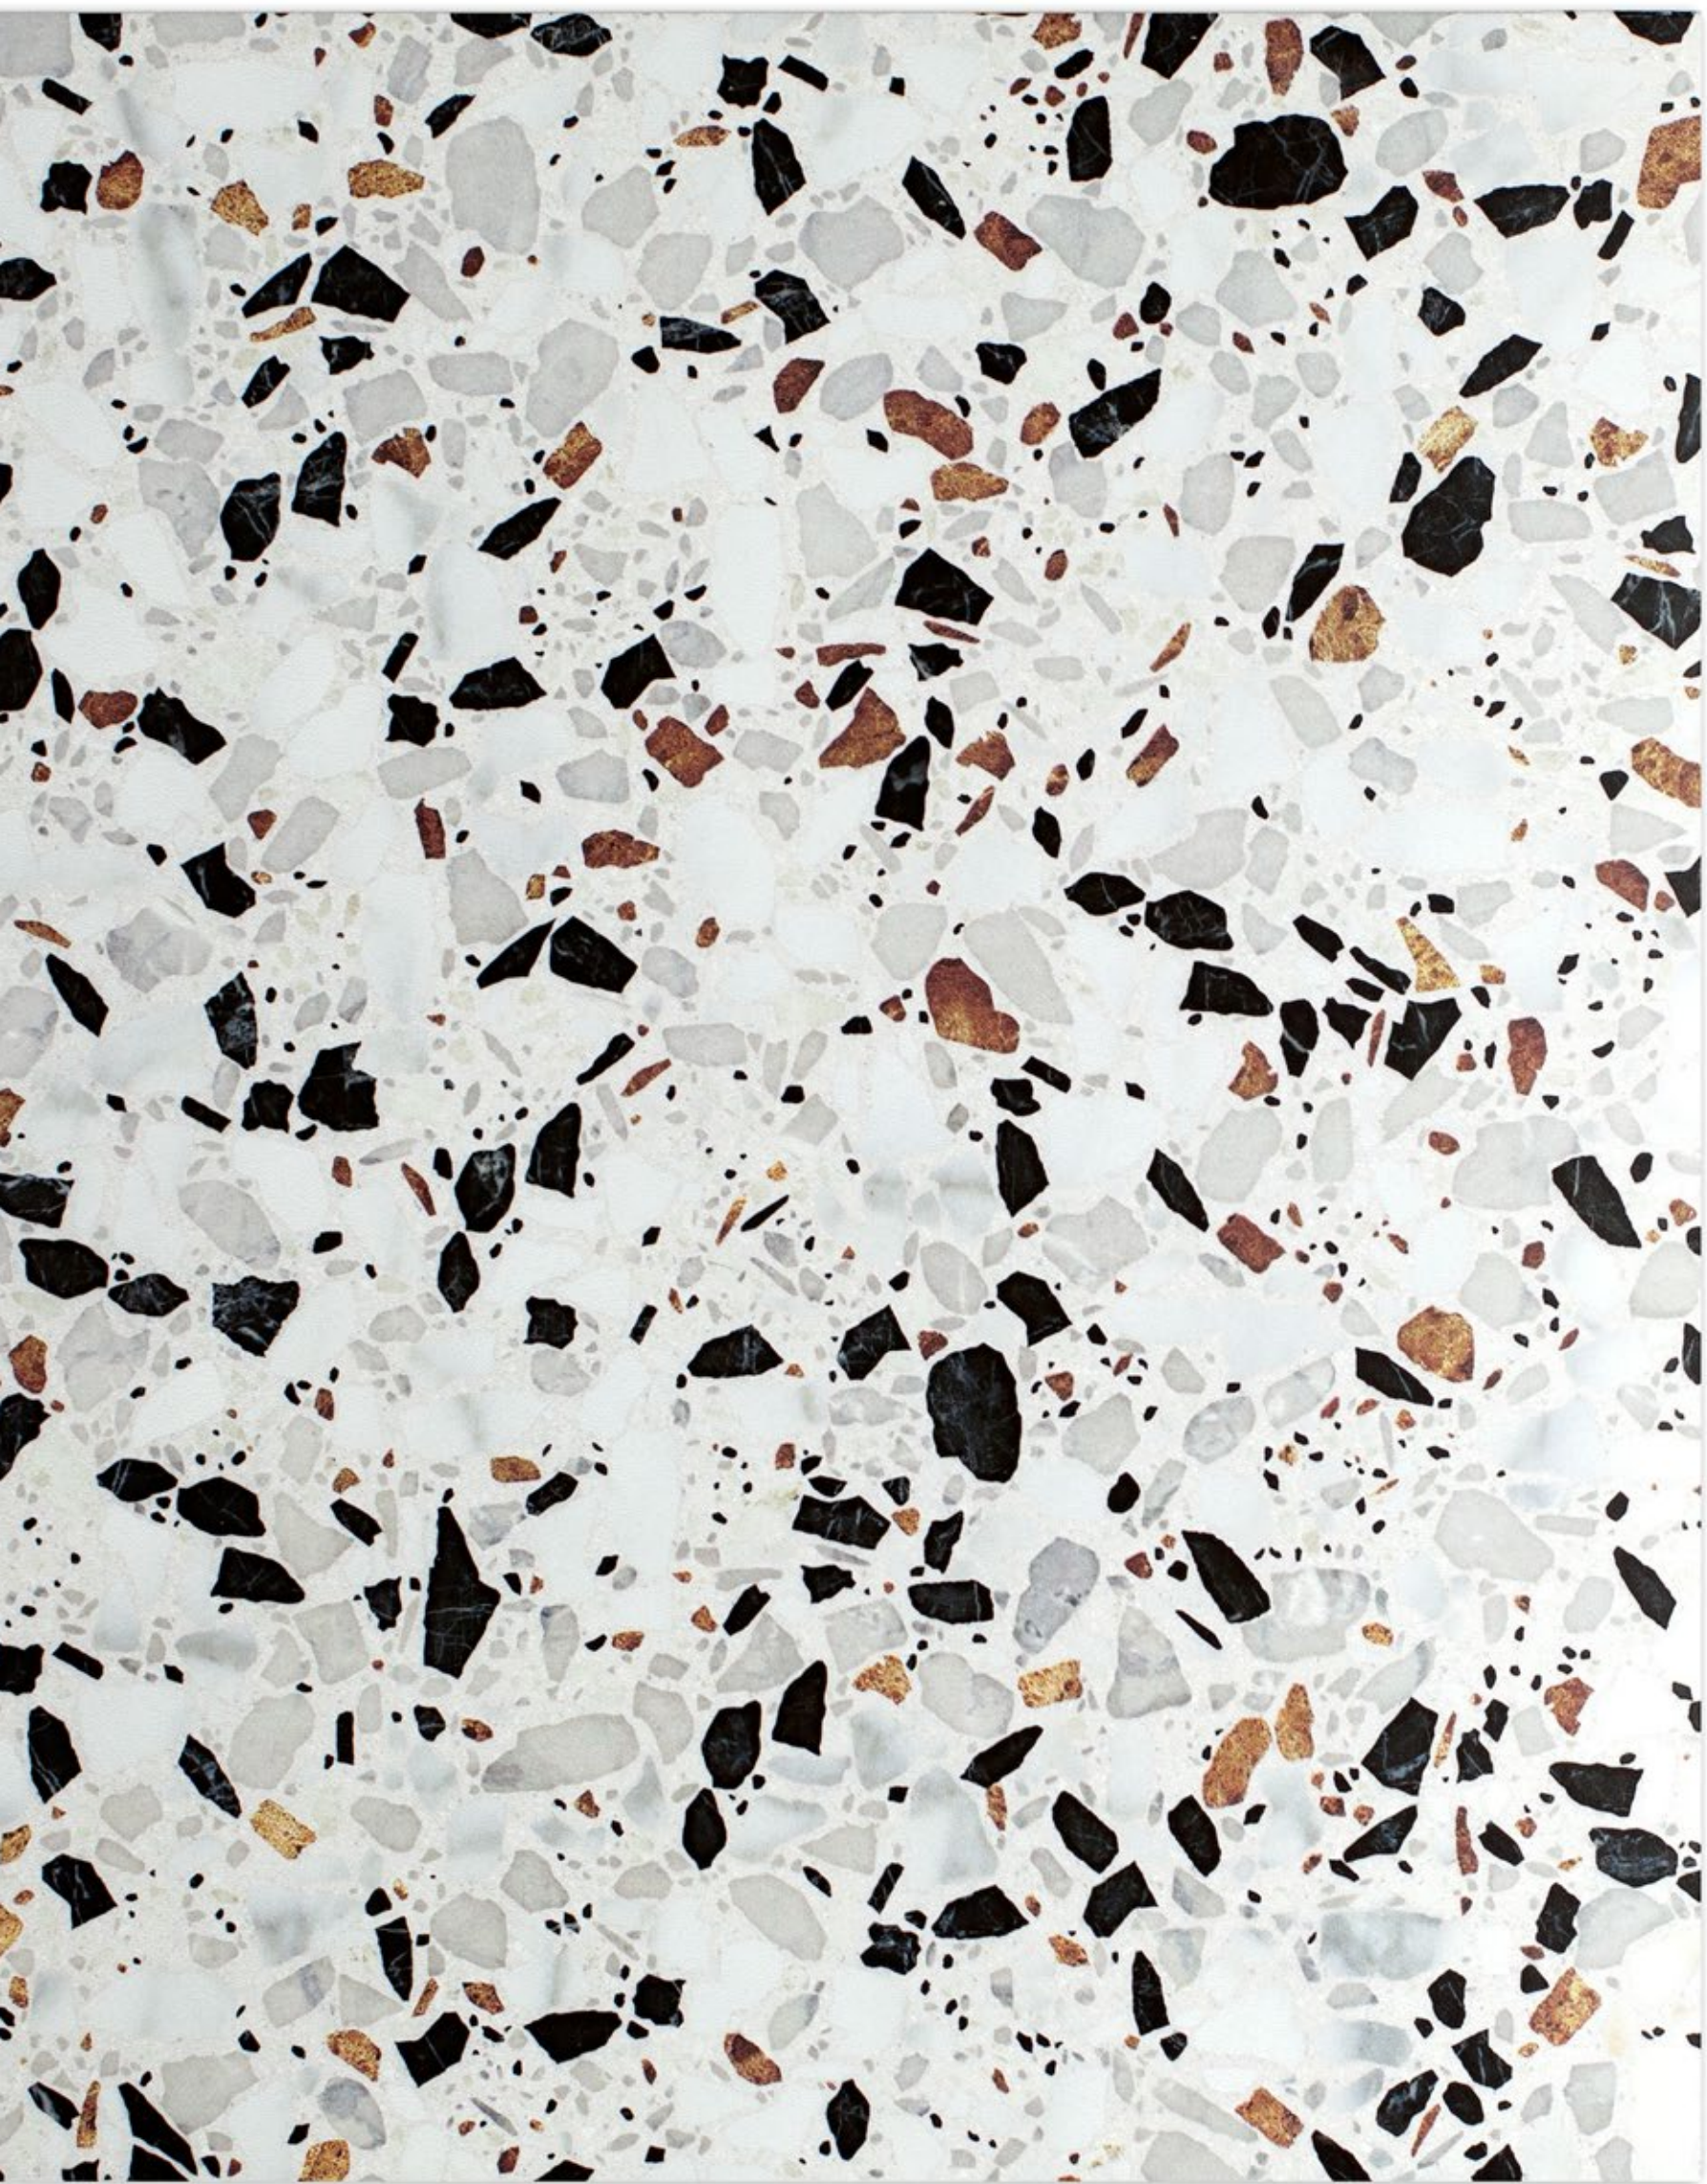

Our exquisite Terrina Large Square design is unscored (unlike the other Terrina formats) and captures the essence of authentic terrazzo aesthetics, offering a sophisticated blend of beauty and functionality.

Whether you seek the brilliance of gloss or the understated elegance of satin matt, consider complementing it with other Terrina formats with this conventional and seamless design.

TILE CARE AND MAINTENANCE - FOR THE TILER AND CUSTOMER

This important information will help keep your tiles looking their best for many years to come. Correct installation, regular inspections and maintenance are the best ways to keep your tiles in good condition. Tiles must be installed in line with Australian standards. No claims will be recognised if tiling is not done in accordance with Australian standards.

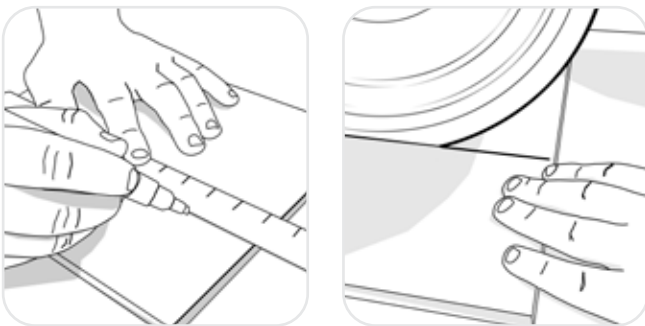

PRIOR TO INSTALLATION

- Check that the product and quantities are correct.
- Conduct a test run or 'dry lay' with your installer to determine where cuts will need to be made.
Note: Installation of the product constitutes full acceptance.
- Lay out the tiles on a flat surface before fixing. Break up any light or dark groupings to give an even result.
- It is recommended that the designer/homeowner approves the layout at this stage as installation of the product constitutes full acceptance and no claims will be given.

INSTALLING YOUR TILES – RECOMMENDED METHOD

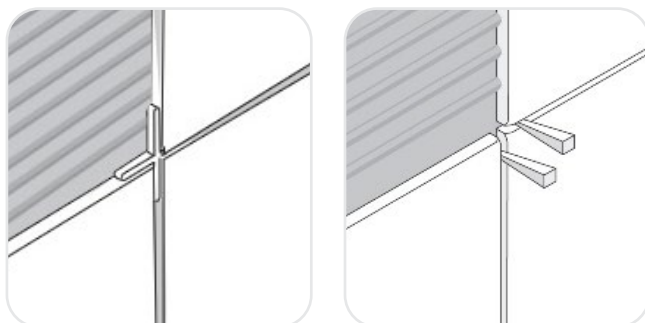

Cutting - Wet Saw

- Mark the line to be cut.
- Cut along the line using the wet saw fitted with a continuous rim blade in good condition.
- Cut using multiple passes at increasing depths; the first cut pass should be a shallow one.
- Once all tiles are cut to size, they are ready to be used.

Spacing

- Use either cross and 'T' spacers or wedges to achieve consistent spacing.

Setting

- Once the tiles are set in place, apply a straight edge to the tiled area to ensure the surface is flat and to avoid any lipping.

Grout Selection/Installation

- Use a good quality cement based, non sanded grout to ensure a scratch free installation.
- When grouting slip resistant tiles, wash the grout off before it dries to ensure the slip resistant micro-pores are not impaired.

Grout Final Wash

- Wipe with a soft, dry towel.
- DO NOT use acid or detergent based cleaners on your tiles.
- Ceramic and porcelain tiles do not need to be sealed. Always seal natural stone and cement tiles.
- We recommend using PH neutral tile cleaners or warm water mixed with white vinegar; four parts water to one part vinegar. Tiles can be cleaned with a steam mop.
- For a deep clean, use a soft bristle broom with a PH neutral tile cleaner.

MAINTAINING YOUR TILES

- Regular inspection is the best way to keep your tiles in good condition.
- DO NOT use acid or detergent based cleaners on your tiles.
- Ceramic and porcelain tiles do not need to be sealed. Always seal natural stone and cement tiles.
- We recommend using PH neutral tile cleaners or warm water mixed with white vinegar; four parts water to one part vinegar.
- Tiles can be cleaned with a steam mop.
- For a deep clean, use a soft bristle broom with a PH neutral tile cleaner.

GROUT CONSIDERATIONS

All Terrina formats come ungrouted and the choice of grout colour will significantly impact the final appearance.

Opting for a grout colour that is darker or lighter than the tile colour will highlight the individual pieces in the tile design, while choosing a grout color closely matching the tile colour will create a more uniform look.
