- Australian designed and made

Information

- Standard service and handling fees apply to all purchase orders
- Priced by the square meter and sold by the box (10 tiles per box / 0.9 m² per box)
- Akari tiles are made to order. Please speak to your tile store regarding current lead times
- Consider your order quantity carefully as there are no returns with this product.

Installation

- To cut Akari tiles, we recommend a wet saw fitted with a continuous rim diamond blade
- Akari can be laid vertically or horizontally. This should be discussed with your tiler prior to installation
- We strongly recommend engaging a certified tiler for the installation of our products to ensure the highest quality outcome
- All installers working with SCC products must strictly adhere to Australian Standards AS3958.1-2007 to ensure proper installation. A crucial requirement of this standard is completing and signing off on a dry lay before installation. Southern Cross Ceramics will not accept any liability for issues arising after tiles have been laid

Care and Maintenance

- DO NOT clean Akari tiles with strong acid or abrasive cleaners
- We recommend using a soft sponge or cloth with kitchen spray, PH-neutral tile cleaner, or white vinegar diluted with four parts warm water

For more information on tile care and maintenance and product recommendations scan the QR code or go to www.southerncrossceramics.com

Please ensure accurate quantities are ordered from the outset as shade variation is a feature of all ceramic products and consistency is not guaranteed from batch to batch.
