Timeless Patterns - Rustic Character

Artisan Rustic is an Australian-made porcelain tile collection inspired by the charm and character of aged decorative tiles found throughout Europe and the Mediterranean.

The collection combines seven new exclusive patterns with eight of the most popular designs from the original Artisan range, all reimagined in a new rustic colour palette designed to create warmth, texture and authenticity.

INSTALLATION

To cut Artisan Rustic tiles, we recommend a wet saw fitted with a continuous rim diamond blade.

Some designs may contain quarter-medallion or repeating pattern elements and require consideration during layout and installation.

We strongly recommend engaging a certified tiler for the installation of our products to ensure the highest quality outcome.

All installers working with SCC products are required to adhere to Australian Standard AS 3958:2023 – Installation of ceramic and stone tiles.

CARE AND MAINTENANCE

DO NOT clean Artisan Rustic tiles with strong acid or abrasive cleaners.

We recommend using a soft sponge or cloth with a pH-neutral tile cleaner or white vinegar diluted with four parts warm water.

Chemicals such as bleach, ammonia, acidic cleaners and alkaline detergents can cause irreversible damage to tile surfaces and should not be used.

We recommend using a pH-neutral cleaner specifically designed for tiles. Southern Cross Ceramics recommends Spirit Neutral Cleaner products.
